

## AT&T Cabling Systems Training Seminars in Australia

AT&T Cabling Systems has successfully completed two-week training sessions in Australia during October 2015.

“We organized a series of technical presentations and installation seminars in which more than 50 installers, designers and consultants received an extensive review of the technical issues related to LAN cabling systems, as well as practical installation training of AT&T Cabling Systems full range of structured cabling products. We are very pleased to announce that Desa Australia, Dower Group, Fredon, Heyday Group, JCB Communications, Stowe Australia, Syndeticom Electrical & Communications are now AT&T Cabling System's Certified Installers, having successfully passed the formal CI examination. End users in Australia can now get AT&T Cabling's comprehensive range of structured cabling solutions through our Certified Installation Team Members with the assurance of the AT&T Millennium™ Lifetime Warranty.” said Rashesh Chokshi, AT&T Cabling Systems sales manager in Australia and New Zealand.

AT&T Cabling Systems provides complete and state-of-the-art LAN cabling solutions and components for all needs of enterprise customers. Our high-performance network infrastructure solutions based on innovative designs and highly advanced technology are the first choice for all applications. Combining unmatched reliability with the unparalleled AT&T Millennium™ Lifetime warranty, AT&T Cabling Systems is your key to years of fail-safe and trouble-free operation, minimizing system downtime and maximizing your profits.
